Glossary

The following terms will be used hereinafter in this *Arrival & Departure Manual* and any other formal circulars, documents and archives of 5th IYNT 2017, and, unless otherwise defined in context, are hereby defined:

Nanjing 5th International Young Naturalists' Tournament 2017 Organizing Committee (hereinafter NTOC): A task force acting as the Local Organizing Committee of 5th IYNT 2017, under and duly authorized by Nanjing Foreign Language School. It is so named according to Chinese regulations and customs.

Participant Team (hereinafter Team): A registered group participating in 5th IYNT 2017.

Participant: A member of a Team, either a student or a Chef de Mission.

Chef de Mission: A Team Leader or any member considered in charge of general affairs of his/her Team. The Participant who is often in charge of coordinating with NTOC in name of his/her Team shall, in the absence of proof to the contrary, be deemed to be the Chef de Mission of the Team.

5th IYNT 2017 Attendee (hereinafter Attendee): A personnel accredited by NTOC as a registered attendee of 5th IYNT 2017, either a Participant, an NTOC Personnel, an NTOC Volunteer, a member of IYNT Execution Task Force, a Juror, a Guest officially invited by either IYNT General Council (GC) or NTOC, or other personnel accredited by NTOC.

Foreign Attendee: An Attendee that, of whatever nationality, lives, studies or works outside China Mainland, and is attending 5th IYNT 2017 for a foreign legal entity or other organization or as an Independent Juror. If an Attendee does not meet the condition above, he/she shall be considered Chinese Attendee.

Entry Border Inspection & Customs

This chapter is for reference only, dedicated for Foreign Attendees. Therefore, all “Attendees” in this chapter shall be interpreted as Foreign Attendees. Other related terms shall also be interpreted as such.

According to the *Exit and Entry Administration Law of the People’s Republic of China*, personnel that exit or enter China shall be subject to exit/entry border inspection.

After arrival, Attendees shall first pass the Inspection and Quarantine. If no major infectious disease is occurring outside China, arriving passengers will not need to fill out the Health Declaration Card for Entry and Exit. Attendees with symptoms such as fever, vomiting, coughing, dyspnea and diarrhea should make an oral declaration to the Quarantine Officers at the travelers’ inspection and quarantine passage.

Attendees shall next complete the Border Inspection formalities (or Immigration Inspection in some countries). All foreigners must fill in the standard *Foreigners’ Entry Card* for inspection at the border. To facilitate the border inspection process, it is recommended that all Attendees (except those of Chinese nationality) fill in the entry/exit card before their arrival/departure. Entry cards are available on the flights and at the entry ports.

Those Attendees with checked baggage may then follow standard airport procedures to claim their baggage at the carousel. It is the responsibility of Attendees to collect their own baggage and check any possible damage before leaving the airport. Baggage carts are usually available at the airport free of charge. Inspection and Quarantine Authority may carry out spot-check to the checked baggage. This procedure could be waived if Attendees are holding a boarding pass for connecting flight.

Airlines shall handle baggage issues and arrange for the repair or delivery of lost or damaged baggage. In case of any loss, delay or damage to the baggage, the owners are required to report to the baggage service counter (located in the arrival hall) of the relevant airlines immediately after arrival following the standard airline procedures. Please also report the issue to Nanjing 5th International Young Naturalists’ Tournament 2017 Organizing Committee (NTOC) Coordination Center at +86-25-83282333. Nanjing Foreign Language School will provide necessary assistance if possible.

In order to complete customs formalities, Attendees are to take the Red or Green channel depending on what they carry.

- The **red** channel (i.e. GOODS TO DECLARE channel) indicates that the person has articles to declare to Customs. Such Attendees must fill in the *Luggage and Articles Declaration Form for Entering Passengers at the Customs of the People's Republic of China* (available on site), and submit the form to Customs.
- The **green** channel (i.e. NOTHING TO DECLARE channel) indicates that there is nothing to declare to the Customs, but all arriving Attendees must agree to accept customs inspection (if applicable) during the customs clearance process.

Attendees may then leave the airport. If they are to transfer for a domestic connecting flight, follow the Domestic Transfer or Domestic Departure directions to check-in, go pass Security Check, and wait for boarding. Such Attendees should reserve at least 3 hours for the whole process above.

Attention: According to a circular of Civil Aviation Administration of China (CAAC), Power banks and lithium batteries are not allowed in checked baggage, but are allowed in carry-on baggage with the following conditions (lithium battery for electric wheelchairs is otherwise provided):

1. With complete and clear label and rated energy no more than 100Wh;
2. Battery with rated energy more than 100Wh and no more than 160Wh (must be approved by the airlines. Each traveler can carry no more than two such batteries.)

In case of problem, or if Attendees have any question about the entry formalities, please contact NTOC Coordination Center at +86-25-83282333.

Arrival Services

Nanjing Lukou International Airport (NKG) is the Official Port of Entry & Exit of 5th IYNT 2017. It is highly recommended that all Foreign Attendees enter China Mainland through the Official Port of Entry & Exit. NTOC Working Staff or Volunteers will be at the port for service.

Foreign Attendees may also, if they must, enter China Mainland through Beijing Capital International Airport (PEK), Shanghai Pudong International Airport (PVG), Guangzhou Baiyun International Airport (CAN), or Urumqi International Airport (URC). Such Attendees are required to arrange their own travel details between the arrival city and Nanjing, and shall notify NTOC about their travel details before due date.

Besides NKG, Nanjing Railway Station and NanjingNan Railway Station (a.k.a. Nanjing South Railway Station) are the Official Reception Points of 5th IYNT 2017. NTOC Working Staff or Volunteers will be at these two stations for service.

Chinese Attendees are free to decide their travel details between their own city and Nanjing, as long as they notify NTOC about their travel details before due date.

Should Attendees have any question about travel arrangement, please contact NTOC Coordination Center at +86-25-83282333.

Based on the arrival information provided by Attendees in advance, NTOC Reception Working Group will provide Attendees with arrival reception and transportation services at and only at NKG and the Official Reception Points.

Please note that, except those points listed above, NTOC cannot provide Attendees with such services elsewhere.

Departure Services

Nanjing Lukou International Airport (NKG) is the Official Port of Entry & Exit of 5th IYNT 2017. It is highly recommended that all Foreign Attendees start their return journey from the Official Port of Entry & Exit.

Besides, Nanjing Railway Station and NanjingNan Railway Station are also the Official Exit Ports of 5th IYNT 2017.

Based on the departure information provided by Attendees in advance, NTOC Reception Working Group will help Attendees with transportation services to Nanjing Lukou International Airport, Nanjing Railway Station and NanjingNan Railway Station.

Foreign Attendees are required to arrange their own travel details afterwards if they are not to exit China through NKG. A connecting flight is recommended if they will depart from PVG, PEK, CAN or URC. CRH Train High-Speed is also convenient if they will depart from PVG.

Should Attendees have any other question about the arrangement, please contact NTOC Coordination Center at +86-25-83282333.

It is generally suggested that Attendees arrive at the departure airport at least 3 hours before PDT for international flights, and at least 2 hours for domestic flights.

See [Appendix 1](#) for Traffic Reference.

Exit Border Inspection & Customs

This chapter is for reference only, dedicated for Foreign Attendees. Therefore, all “Attendees” in this chapter shall be interpreted as Foreign Attendees. Other related terms shall also be interpreted as such.

According to the *Exit and Entry Administration Law of the People’s Republic of China*, personnel that exit or enter China shall be subject to exit/entry border inspection.

Again, Power Bank and lithium battery are not allowed in checked baggage.

After Attendees have checked-in and attained their boarding pass, they shall first pass the Inspection and Quarantine. Attendees with symptoms such as fever, vomiting, coughing, dyspnea and diarrhea should make an oral declaration to the quarantine officers at the travelers’ Inspection and Quarantine passage.

Attendees shall next complete customs formalities. They are again to take the Red or Green channel depending on what they carry.

Attendees shall then complete the Border Inspection formalities. To facilitate the border inspection process, it is recommended that all Attendees take out beforehand their passports (turned to the China Visa page) and *Foreigners’ Exit Card* (or other relevant name). These documents shall be submitted to the Border Inspector for examination.

Attendees have now completed the exiting formalities. They may now go pass Security Check and wait for boarding.

In case of problem, Attendees shall contact NTOC Coordination Center at once for help at +86-25-83282333 (Working Hours: 8:00-16:30 UTC+8), or NTOC Emergency Hotline at +86 134-5192-2662 (Mr. Felix HOU).
